COMMENTS FROM THE TOWN MANAGER'S OFFICE

The second meeting of the budget committee was held on Monday evening of this week. Most of the money appropriations for the coming year have been presented to the committee and it seems as though the amount to be raised this coming year will be very near the same amount raised for 1964.

The new grader was used to plow the town streets this last storm and I think it is quite apparent that it does a much better job on streets than a truck does. Some people think it is bigger than the town needs. There are two things that can be said in favor of its size. It is big enough to use to wing back the snow banks and will save a lot on the four-wheel drive trucks. The other thing in its favor is that it is better to have a machine too big for a job than too small for a job. It might surprise some people to know that the grader has been used a little more than 1,000 hours for each of the last three years.

The auditor has completed his work of auditing the town books and the audit report will be ready in time for the town report. The major part of the material from the audit report is in the town report. There are also two complete copies of the report on file in the town office and available to anyone interested in seeing them.

Mr. and Mrs. Donald Brown and Mrs. Carl Brown visited the exhibition and demonstration of offset printing equipment at the Madison Hotel, in Rumford, Friday evening.

Purity Chapter, O. E. S., will meet Feb. 3 at the Chapter Rooms. Meeting will be preceded by a pot luck supper at 6:30. Committee in charge will be Mr. and Mrs. Ronald Kendall and Mr. and Mrs. Earlon Paine.

MT. ABRAM SKI CLUB JUNIORS ELECT

Newly elected officers of the Junior Group of the Mt. Abram Ski Club in Locke Mills are Chairman, Ricky Lunthe, Portland; Corresponding Secretary and Publicity Chairman, JoAnn Bickford, Locke Mills; with Rachel Keniston, Bethel, and Stevie Goodwin, South Paris, serving as Council Members. Advisor to this Junior Group is Mrs. Kaye Bolen of Locke Mills.

The Junior Group under the sponsorship of the Adult members of the Mt. Abram Ski Club have scheduled a Ski Race Clinic to commence Saturday and Sunday, Jan. 30-31 with registration time set for 2 p. m. This Ski Race Clinic is open to junior members whose ages are 8 years to 18 years at a minimum fee.

Instruction for the race clinic will be given by Glenn Kiedaisch, Ski School Director at Mt. Abram and his ski instructing staff. According to Kiedaisch those who apply will be divided or classified as to their age and ability coinciding with regulations and standards set up by the United States Eastern Amateur Ski Association.

If any youngsters appear to have the ability also interest to enter any Ski Race event sanctioned by the EASA then the Ski Club has agreed to help sponsor same.

Kiedaisch states it would be wise for those juniors who plan to take these instructions to be at the Mt. Abram Lodge and register early.

TELSTAR TO BEAM CHURCHILL FUNERAL

The British Broadcasting Corp. announced plans to broadcast parts of the funeral of Sir Winston Churchill directly to the United States by satellite.

Columbia Broadcasting System, acting for all three U. S. networks as well as the Canadian Broadcasting Corp., said there were tentative plans to broadcast Churchill's lying-in-state Wednesday and the funeral Saturday via the Telstar II satellite.

Spokesman for the networks said they had requested Telstar's facilities from 9 a. m. to 9:30 a. m. EST, Wednesday and again on Saturday from 8:00 a. m. to 8:46 a. m. EST, and from 1 p. m. to 1:14 p. m. EST.

TOWN PLAN TO BE PRESENTED TO PUBLIC CHAMBER MEETING

The Greater Bethel Chamber of Commerce will hold its February meeting at the Congregational Church next Tuesday, Feb. 2. Dinner will be served at 6:30 p. m. After dinner Philip Dufour of the James W. Sewall Co. of Old Town will present his company's proposed comprehensive town plan, including sewage, zoning, fire station and schools, for Bethel.

An article will be placed in the town warrant that the town raise the necessary monies to meet their portion of the cost of this plan. Since this amount is about \$3,000, every citizen should be interested in knowing more about the plan. Therefore, the public is invited to attend this dinner meeting and all Chamber members are urged to be present. For reservations, call Chamber Secretary Al Barth 824-2757, before Sunday.

BETHEL AREA SUBMITTED AS SCENIC ATTRACTION

The Greater Bethel Chamber of Commerce responded to an inquiry from the U. S. Department of the Interior which sought recommended areas to be included in a proposed government travel manual.

Recommended by the Chamber was Route 26 from Trap Corner to Bethel and then Route 2 to Gorham. Specifically the Chamber's letter highlighted the natural beauty of the wooded mountains and lakes, as well as the many side trips along this route. The Telstar Comsat installation, nearby covered bridges, the ski areas, and the numerous "rock hound" mineral mines were mentioned.

The Chamber's response was forwarded to the Maine State Highway Commission. In a reply, the Chamber was informed that their recommendation had been included in the Commission's report to the Bureau of Public Roads. Such inclusion does not mean that this route will eventually be highlighted in the Federal publication, but it is encouraging that others agree with the Chamber's evaluation of our home town area.

GOULD SKIER WINS JODREY TROPHY AT SUNDAY RIVER

Olen Langley of the Gould Academy Outing Club won Sunday's Fifth Annual Mel Jodrey Trophy ski race at the Sunday River Skiway. The trophy, given in memory of the outstanding Edward Little skier, was presented by Mr. Jodrey's mother, Mrs. Norma Jodrey of Bethel.

The event highlights the annual Sunday River Giant Slalom Races for boys and girls in Class and II competitions.

Boys' Class II was taken by John Kendall of the Auburn Ski Club and in Girls' Class I Jane Howe of Gould Outing Club was first in time equalled by the winner in Class II, Beth Sargent of Sunday River Ski Club.

Members of the carnival committee of the Greater Bethel Chamber of Commerce who met last night at the Norseman Inn. Standing, left to right: Donald Cross, Ernest Angevine, Paul Kelley and Murray Thurston. Seated, left to right: Norma Jodrey, Addison C. Saunders, Jackie Wiese, and Natalie Timberlake.

RANGELEY DISTRICT, BOY SCOUTS, FUND DRIVE NOW IN PROGRESS

Some 20 adults, friends of scouting and/or fathers and mothers of boys in Bethel Troop 565 are helping to raise money to support our District and Council which serve this area. In our district there are 33 towns and 50 units, Troops, Cub Packs—or Pests, carrying on scouting activities for 1500 to 2000 boys.

Assisting in this campaign are the following: Broad St., Robert Jackson; Bridge St., Alton Howe; Chapman and Kilborn Sts., Rodney Eames; Clark and part of Main, Howard Cole; East Bethel, James Browne; Elm and Railroad Sts., Clinton Jenkins; Spring St., Charlie Farrar; Main (upper), Stanley Fox; Mason and Crescent, James Hutchins; Mayville and Sunday River, Dana Douglass; Mechanic and High, Carroll Valentine; Middle Intervale.

MOTHERS' MARCH TONIGHT

Tonight (Thursday) the mothers march for the March of Dimes will be conducted in Bethel. Please remember to leave your porch light on this evening, so a mother will call to accept your donation in the fight against birth defects.

Stephen Jacobs; Mill Hill and Songo Rd., Robert Davis; North West Bethel, Frank Murphy; Paradise, Guy Gibbs; Church and Park, Franklin S. Chapman; Steam Mill, Roland Annis; Walker's Mills, Irving Cummings; West Bethel, George Stowell; Vernon St., John Trivard.

Planning for the campaign were Richard Waldron, chairman of the Troop Committee, and Carroll Valentine.

Mr. and Mrs. Sam McCoy are keeping house in the Bush house, Kimball Park.

With a good fall of snow last Sunday, followed by more Tuesday and Wednesday, the local ski areas are looking forward to a period of good skiing. This fact is pleasing to a great many, including the little lady pictured above enjoying an afternoon of skiing near the lodge at Mt. Abram Ski Slopes Monday. She is Nancy Buck, four years old today; the daughter of Mr. and Mrs. Albert Buck of Bethel.

A snow storm on Sunday left about eight inches. Highways and streets were rapidly cleared. Skiers were happy. The slopes at Mt. Abram and Sunday River hummed with activity as skiers arrived. The season up to now has been dull.

MAGALLOWAY

— Mrs. Bessie Harvey, Cor. —

Arthur Gray of Errol died the 12th of January at the Stewaristown hospital at the age of 73 years. He had carried the mail from Berlin to Wilson's Mills for twenty years. The funeral was held in the Errol church on January 15th and burial was in the Errol cemetery.

Mrs. Bertha West returned from Rochester, N. H., Sunday where she had been visiting her son, Stanley, and his wife, for a few days and back running the Abbott Brook restaurant.

Mrs. Mabel Cameron celebrated her 96th birthday on January 18th. She was given a party

and had many cards and gifts. Her guests were Mrs. Beryl West, Mrs. Augusta Ferris, Mrs. Virginia Lane, all of Errol, Ewen Cameron, his wife, Helen, her mother, Mrs. Made

line Mathieson and Mrs. Catherine Bragg, of Magalloway, Mrs. Jean Howard and Mrs. Elizabeth Vaughn, of Colebrook, and Malcolm Harvey, of Wentworth Location. Mrs. Lane made the birthday cake, Mrs. Helen Cameron the ice cream, and Mrs. Howard brought fresh oyster stew and other good things.

Donald Cameron had the misfortune to break four toes last week while working for Mark Harvey at Umbagog Lake. Fay Vaughn of Colebrook operated his bulldozer for a few days. Mrs. Gertrude Bennett is feel-

ing some better at the present time.

Mr. and Mrs. Elroy Rideout of Rumford visited Mr. and Mrs. Russell Bennett one day last week.

The temperature dropped to 30° below zero several mornings last week.

The Magalloway school furnace stopped working Thursday night and Friday morning, all the water pipes were frozen and there was no school that day. The trouble was a clogged fuel pipe.

20 SECONDS WITH THE NAZARENE

A small child was taken to a cathedral. She sat watching the sunshine through the windows. She asked her mother, "What are those people on the windows?"

"They are saints," was the answer.

Then the child said, "How I know what saints are. They are people who let the light shine through." — Golden Gears.

Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.—St. Matthew 5:16

HE LED HISTORY

Winston Churchill did not
merely walk with history; he
led it.

He not merely symbolized so
much that was great in his na-
tion and his day; he, more than
most, helped create it.

England's long history is one
of towering figures, and few
towered more loftily than Sir
Winston. He was, on occasion,
wrong. But what we remember
are the momentous times when
he was right. He was from time
to time defeated politically. But
even at such a moment, he could
not have lost an election on "the
greatest living Briton." He
was sometimes sharp and cau-
tious. But many will be recalled
in history primarily because Sir
Winston singled them out for
attention.

It is sometimes said that his
greatness came from his pas-
ionate love for Britain. This is
not a half-truth. He did indeed
love Britain, knew it, cherished
it, twice in his lifetime shielded
it. But his greatness came from
something larger still than mere
patriotism. He loved and appre-
ciated all mankind and the
world as a whole. Few men have
ever spoken more penetratingly
of the meaning of America,
more understandingly of the
greatness of France, more know-
ingly of the wonder of Greece
than did Sir Winston.

No man could have been so
great at home had he not been
great wherever men are found.

It was impossible for Sir
Winston to take a small view of
anything. For him history, lit-
erature, politics, statesmanship,
art and even the stresses of
warfare had their majesty and

their grandeur.

GOODWIN'S INC. MARKS 100TH ANNIVERSARY

Russia still owned Alaska and
Lee surrendered to Grant at
Appomattox Court House dur-
ing the same year that what is
now the Goodwin's Insurance
Agency was founded at Norway.

The year was 1865. Since
then, the agency has progressed
a long way from a little wood-
shed building—its original head-
quarters—on Main Street to the
modern brick office build-
ing at the corner of Beal and
Paris Streets.

The agency was one of the
first in the United States to be
appointed as representatives of
The Travelers Insurance Com-
panies, Hartford, Conn. And in
recognition of this 100th anni-
versary, The Travelers—which
itself was established in 1864—
held an anniversary luncheon,
Thursday, January 21, for the
Norway firm at the Holiday
Inn, Auburn, at which a Paul
Revere sterling silver bowl was
presented to the agency.

Known today as Goodwin's
Inc., the agency was founded in
1865 by Ereland Howe,
who sold the 58th accident pol-
icy issued by The Travelers.

Stuart W. Goodwin joined
the agency in 1906 and he pur-
chased the business in 1912 fol-
lowing the death of Mr. Howe.

Mr. Goodwin's son, Robert W.
Goodwin—a graduate of Duke
University—joined the agency
in 1940, and in 1948 the firm
was incorporated under its pre-
sent name. In 1952, Winfield O.
Partridge, a native of Norway,
became associated with the ag-
ency. Goodwin's moved to its
present headquarters in 1958.

Goodwin's Inc. was represent-
ed at the luncheon by Stuart
W. Goodwin, President; Robert
W. Goodwin, Vice-President and
Treasurer; and by Win-
field O. Partridge.

ency Companies will be repre-

POLICE EMPHASIZE EXTRA CAUTION NEEDED FOR WINTER DRIVING

"Following other vehicles at
a safe distance is one impor-
tant means of avoiding rear-end
collisions," the State Police em-
phasize.

"On snow-packed or ice-gla-
zed roads, the wisdom of this
rule is underscored by the fact
that the distances needed for
stopping may be from three to
twelve times that required on
dry pavement," the contin-
ued.

"Far too many motorists
maintain too short an interval
between moving vehicles," the
police group added. "As long as
the leading vehicle sticks to his
pace, there is usually no trouble.
However, if the motorist ahead
finds it necessary to brake
quickly, the driver following
him may not be able to reduce
his speed sufficiently to avoid
a rear-end collision."

"The State Police warned
that three distinct steps are in-
volved in bringing a car to a
stop. First the driver must think
of stopping. Second, he must
move his foot over to the brake
pedal. Third, he must apply the
brake.

"As vehicle speed is increas-
ed, the distance for safe stop-
ping is greatly increased," they
pointed out.

The enforcement organization
stressed that, during the winter
months, "even when a vehicle's
brakes are in A-O-K condition,
and the driver is smart enough
to utilize snow tires or tire
chains, the speeds used on dry
summer pavement are far too
fast for winter highways."

Gifts to March of Dimes Financed Promising Research Projects in '64

Nine March of Dimes-financed research studies in
birth defects have shown
outstanding progress in 1964.
The projects were cited by
Dr. Theodore E. Boyd, re-
search director for The Na-
tional Foundation-March of
Dimes.

"Each year in the U.S. 250,000
babies are born seriously de-
fective," Dr. Boyd said. "But
new knowledge is being gained
daily. The new developments
show that March of Dimes con-
tributions are financing prom-
ising studies."

Dr. Boyd reported that in
1964 The National Foundation-
March of Dimes appropriated
\$1,500,000 for research.
In addition there are now 51
March of Dimes Birth Defect
Treatment Centers across the
country, he said.

The nine projects cited are as
follows:

1. German Hereditary Test. First
clinical use of a new test to tell
whether someone has already
had German measles—a virus
disease which can damage an
unborn baby when it infects the
mother during early pregnancy
—has shown it to be rapid and
reliable. This was reported by
Dr. Gordon G. Brown, epidemi-
ologist, University of Michigan.

2. Discovery of Cell Abnor-
malities in Patients with Down's
syndrome. Dr. Andrew E. Levine,
University of Florida, discov-
ered something wrong with
liver cells in children with the
disease called Down's syn-
drome, a form of dwarfism.
Enzyme-containing sacs were
found missing from these cells.
The sacs may pinpoint the error
in body chemistry responsible
for this birth defect.

3. Mental Retardation and
Congenital Abnormalities. In men-
tal retardation of unknown
cause, research indicated some-
thing went wrong before birth,
rather than at or after birth.
Investigation showed that of 30
children with mental retardation
of unknown cause, 45 per-
cent also had three or more
congenital abnormalities, in-
cluding structural congenital de-
fects. This association of multi-
ple anomalies is strong evi-
dence that retardation of this
type is a birth defect.

4. Hereditary Immunity Mechan-
ism. A rare inherited disease,
ataxia telangiectasia, appears
to belong to a group of diseases
involving hereditary defects in
body mechanisms which pre-
vent immunity. This was re-
ported by Dr. Robert A. Good,
University of Minnesota, who
discovered that children with
the disease are poor at produc-
ing antibodies, are prone to re-
spiratory infections and lympho-
edema and have an undevel-
oped thymus gland, the master
gland of immunity. Victims
are unable to coordinate their
movements.

5. Evidence Ties Up Autoim-
munity to Chromosomal Defects.
First evidence connecting auto-
immune diseases with chromo-
somal anomalies, a process in which
the body's defense machinery
attacks its own cells, was re-
ported by Dr. David W. Brock,
University of Washington.

6. Hereditary Immunity Mechan-
ism. A rare inherited disease,

tients with Chromosomal Defects.
Children with an unusual syn-
drome involving an extra

Clues to origin of congenital heart defects were developed by

lab assistant.

Dr. Joseph Daniels, New York
University. Called dysmatur-
ation, the condition causes ex-
cessive sweating and saliva, skin
bleeding, hypertension and
mental retardation.

to Abnormal Immunity Mechan-
ism. A rare inherited disease,

DEER SALES COSTLY

More than \$5,000 in fines was assessed by Maine municipal courts in December, 1964, and January, 1965, against defendants accused of selling deer or aiding in such sales.

Chief Warden Maynard F. Marsh, Maine Fish and Game Dept., said that the total fines levied in the 14 cases totaled \$3,100. Some of the cases have been appealed to Superior Court, but some respondents have already paid their fines.

"The Warden who investigated these cases and produced evidence for use in court," the chief warden said, "put in much time and care in building their cases."

"We are engaged in a long battle against market hunters," Marsh added, "and public cooperation is a great help to us. I hope all sportsmen will realize that market hunters are actually stealing from the public. When the law abiding citizen remembers to report violations promptly to the game warden, effective court action is made easier. And the sportsman himself benefits in the long run."

OPPORTUNITY LOANS AID FARM DEVELOPMENT

A new program of small loans coupled with farm management assistance is now open to farm families with limited incomes in Oxford County, Elwyn R. Morrow, county supervisor for the Farmers Home Administration, says.

Morrow said farmers in Oxford County can participate in the program to develop higher returns from their farming operations. Loans up to \$2,500, are available to farm families with limited incomes who cannot qualify for financial assistance under regular loan programs of Farmers Home Administration or private lenders.

Opportunity loans are aimed at helping farm and rural families earn more income through their own enterprise, Morrow said.

Loans to farmers operating small, limited income farms may be used to purchase livestock, machinery and equipment, construct or repair farm buildings, pay annual operating expenses for seed, feed, and fertilizer, refinance real estate debts and purchase land.

The loans also may be used to buy shares in small cooperatives that serve rural people.

Loans are repayable over periods of up to 15 years. They carry an interest rate of 4 1/2 per cent.

To qualify for loans to finance agricultural enterprises an applicant must be a farmer and have earnings that are too low to cover basic family needs. In addition, he must be unable to obtain credit through other sources, including regular loan programs of the Farmers Home Administration.

Farmers Home Administration county supervisors will assist borrowers in planning farm operations and management of loan funds.

In addition to loans for farming, Farmers Home Administration

SKI CLUB MARKS SLOPES AT MT. ABRAM SUNDAY

Sunday, January 24, in observance of the National Ski Week, Lester Buckford, president of the Mt. Abram Ski Club, presented to the owners and managers of the Mt. Abram Ski Slopes, in behalf of the Club, slope marking signs which are designed to make skiing safer and more enjoyable. Andre Warren from Topsham one of the Ski Club's directors and Mrs. Ann Farrow of Bryant Pond, recording secretary of the Club served on the committee for the club in having these signs made up.

The signs are replicas of those endorsed by the National Ski Area Association which they hope to promote in ski resorts all over America. This Uniform Ski Slope Marking System will provide a means by which skiers can easily identify the type of trail (terrain) which they are qualified to ski on, especially the skier who visits a ski resort for the first time. These signs are placed on trails rating them relative to the local area in which they appear. The signs themselves are specifically shaped, and of bright hues to be easily recognized. The following is a list of the signs, shape, color and to which terrain they describe: Square - green, means Easier; Triangle - yellow, more difficult; Round blue - most difficult; Diamond Shaped - Red, determines "Extreme Caution"; Octagon - orange, means closed (or avalanche danger).

At Mt. Abram index signs to remind skiers of the Marking System have been placed in the Lodge, near the base lift zones and at the top of the mountain.

tration may now make loans for nonagricultural enterprises that will produce added income.

The agency also administers other rural economic opportunity programs, including loans and technical assistance for small cooperatives serving rural families who have limited income and little debt carrying ability.

Additional information on loan programs under the Economic Opportunity Act is available at the Farmers Home Administration office in the Masonic Building, Main Street, in South Paris.

FARMERS HOME ADM. HAS NEW CREDIT SERVICE

Farmers Home Administration employees in the South Paris office just returned from Auburn where they attended a training meeting on the regulations pertaining to the new credit service authorized under the 1961 Economic Opportunity Act, according to Elwyn R. Morrow, County Supervisor for Oxford County.

Henry F. Lowe, FHA State Director, and his staff explained the new credit program which authorized loans to low-income families in rural areas to help improve their earnings and which permits the making of loans to applicants who previously were unable to obtain credit from either public or private sources.

The Farmers Home Administration will administer the new loan service under delegated authority from the Office of Economic Opportunity.

Opportunity loans are available to farmers for agricultural purposes as well as non-agricultural enterprises to enable them to increase their income by improving their farming operation or supplementing their earnings from some other type of enterprise.

Under this program the Farmers Home Administration is also authorized to make loans to rural residents who are not engaged in farming to finance small businesses, trades, or services which will result in increased income for the rural family.

The total amount loaned to any one family may not exceed \$2,500. The maximum repayment period is 15 years. The interest is 4 1/2 percent a year on the unpaid balance.

Opportunity loans will be accompanied by management assistance to help borrowers make a success of their new business or farming enterprise.

Applications for loans may be made at the local office of the Farmers Home Administration located in the Masonic Building.
